

## **James Li, PhD, PEng, DWRE**

Professor, Department of Civil Engineering, Ryerson University, Toronto, Ontario, Canada

Email: [jyli@ryerson.ca](mailto:jyli@ryerson.ca); <http://www.ryerson.ca/civil/facstaff/Faculty/james.html>

**An environmental engineering professor at Ryerson University, a licensed professional engineer, and the Diplomate of American Water Resource Engineers Academy.**

### **ACADEMIC EXPERIENCE**

**Doctor of Philosophy** in Environmental Engineering, University of Toronto, 1991

**Master of Applied Science** in Hydraulic Engineering, University of Windsor, 1986

**Bachelor of Applied Science** in Civil Engineering, University of Windsor, 1983

### **EXPERTISE**

Research focuses on eco-hydrology and hydraulics, urban stormwater management, water pollution control planning, environmental benefits of greenroofs, industrial spill management, and Enzyme-Linked Immunosorbent Assay technique for dioxin and microcystins in environmental matrices.

### **RESEARCH EXPERIENCE IN CHINA**

Research partner of International Joint Research Center for Persistent Toxic Substances (IJRC-PTS), Harbin Institute of Technology, Harbin, China.

Research interaction with the Sino-Canada Energy and Environment Research Academy North China Electric Power University, Beijing, China .

Research interaction with China University of Mining and Technology, Prof. Xiao Xin, Xuzhou, China.

Research interaction with Karden Water International Group Inc., Beijing, China.
